A Message from the President

While you were sitting by the fire trying to keep warm, I was in Italy during the heat wave! The days were 35°C+ and most nights we experienced a thunderstorm. However, it didn't stop us from enjoying meeting with family and friends, hiking up in the cooler mountain areas or swimming in Lake Como. My eldest son, Kris and daughter-in-law, Janelle and grandchildren – Caitlyn (11) and Luca (8) spent some time in the village of Boffetto near Sondrio with me, my sister Rosie and niece, Tania. It was a valuable time for all of us.

I look forward to catching up with our Club Members at our next meal event. Please come along and share your stories from Italia!
